

Model TAL-3000R F&B

Front and Back Round Product Label Applicator

TAKE-A-LABEL... Providing Economical Solutions In Round Product Labeling Systems

The TAKE-A-LABEL Model TAL-3000R Front and Back Round Product Label Applicator is built on the standard TAL-3000R chassis. This machine has the ability to apply a front label and back label to round products.

The TAL-3000R label applicator will accommodate a full range of round and tapered products, from 1/4" to 6" diameter, without the need for costly attachments or modifications. The 'open carriage' design allows the applicator to apply labels to products of virtually any length using one standard unit.

When flexibility and ease of operation are your production requirements, look at the TAKE-A-LABEL Round Product Label Applicator for your labeling Solutions.
