

# Model TAL-3000M/R

## Manual Round Product Label Applicator

### TAKE-A-LABEL... Providing Economical Solutions In Round Product Labeling Systems

The TAKE-A-LABEL Model TAL-3000M/R Manual Round Product Labeler will label virtually any round product. With just the turn of a handle, labels up to 5" wide can be applied. Products are quickly loaded into the applicator with the unique open design. The top wipe down brush ensures that the labels are fully applied to the product. With a vertical label path that allows the operator to visually inspect the labels prior to application. The open bottle support can be changed from one size to the next in seconds without the use of tools.
